Letter to attach

Discuss the following points:

- Indicate the extent to which the applicant's research project fits in with your research activities.
- Indicate the type of supervision and the activities planned to foster the applicant's integration into the host environment.
- Show how the host environment will enrich the applicant's experience and enhance his/her skills.
- Provide additional information which can help the evaluation committee to know your host environment.

The document must contain 2 readable pages and be attached in PDF format.

Signature and submission

1. I certify that the information that I have provided and shall provide regarding this application or an eventual grant is accurate and complete.
2. I have read the application for funding and applicable program rules.
3. I shall supervise the applicant's research and provide the applicant with the material and financial means required to carry out the research project according to the requirements of the funding program.
4. In my role as supervisor, I shall adopt a responsible conduct in research, comply with the generally accepted standards of ethics and integrity and support and encourage the applicant with regard to his/her commitment to the ethical and responsible conduct of research. These standards are outlined in the Common General Rules, in the Policy for the Responsible Conduct of Research of the FRQ, in the Tri-Council Policy Statement (with the adaptations specific to the Québec context), in the FRQNT Politique d'éthique et d'intégrité scientifique, as they are periodically updated (see the DOCUMENTS tab), and in the policies of the institutions with which the applicant and I are affiliated.
5. I understand that the Fonds is subject to the Act respecting Access to Documents Held by Public Bodies and the Protection of Personal Information (CQLR c A-2.1). In accordance with the Act, the applicant may request to access the information contained in his/her FRQ file. I understand that all the information I shall provide to the FRQ in relation to his/her application, including my own personal information, may be accessed by the applicant upon his/her request.
