

## Registration

The Full Proposal and all supporting documents must be submitted to the FRQ by **November 10th, 2021 at 4pm, EST (9pm, GMT)**.

Read all the information and documents presented on the [Call for Research Proposals web page](#).

Carefully read the [Programme Guide](#) as well as the terms and conditions specific to each Funding Partner to determine your eligibility and ensure your application is completed properly.

**IMPORTANT:** Everytime there is a "Save" button at the bottom of a page, make sure that you click the "Save" button BEFORE clicking "Validate Page" to avoid losing any information.

## Pre-eligibility

Notice of modification: the Research Team composition has changed since the Letter of intent

Notice of modification: the research theme has changed since the Letter of intent

Notice of modification: the project description and/or scope of the project has changed since the Letter of intent

I confirm that each of the Research Team members in the project, including myself, meet the eligibility conditions set by the Funding Partners (UKRI, POLAR, NRC; and FRQ if applicable) they are requesting funding from

I confirm that the project is lead by a team of two PIs. The UK PI must be eligible to receive funding from UKRI. The Canadian PI must be eligible to receive funding from POLAR or NRC. To be eligible for the funding supplement from FRQ, Québec PI's and/or Co-investigators must meet FRQ's eligibility criteria

I confirm that the Research Team has at least one member who identifies as an Inuk, or is a representative from an Inuit Land Claims Organization or their designate or Inuit Nunangat community, **named as a Canadian PI or a Co-investigator.**

I understand that priority for in-kind support from PARKS Canada, POLAR, and/or NRC depends on alignment with each of the Funding Partner's research needs, and early contact with their local research coordinators

I confirm that I have read all the rules relevant to the chosen theme, including other eligibility conditions and requirements as indicated by the Funding Partners. For Theme 1 : The Programme Guide, as well as the terms and conditions specific to each Funding Partner (UKRI, POLAR; and FRQ, if applicable). For Theme 2 : The Programme Guide, as well as the terms and conditions specific to each Funding Partner (UKRI, NRC; and FRQ, if applicable)

The United Kingdom Principal Investigator and Co-investigators listed in this application, if applicable, have confirmed their commitment to the research project and authorize me, through written consent, to provide their personal and confidential information

I understand that the project may require permits and/or reviews such as ethical review, research permits or other permits, and that these must be requested in advance

If the research proposal is successful, I understand that the Funding Agreement will be conditional to the submission of additional project information that may be required by the relevant Funding Partner(s). This may include information such as a risk and mitigation plan, a communications plan, the contribution value of collaborators, etc. These will be asked by the relevant Funding Partners in due time

## Principal investigator - Canada

**The Canadian Principal Investigator is responsible for filling out this form on behalf of the research team.**

The Canadian Principal Investigator is jointly responsible, with the UK Principal Investigator, for the scientific direction and delivery of the research project. The Canadian Principal Investigator is responsible for the administrative and financial aspects of their own funding.

Refer to the [Programme Guide](#) for the criteria defining a Canadian Principal Investigator.

## Project Co-Investigators

A Co-investigator is a funded member of the Research Team who provides a significant contribution to the development of the research project. Please refer to the Programme Guide and to the terms and conditions specific to each Funding Partner for criteria defining a Co-investigator.

UK Post-doctorates and PhD students cannot be project Co-investigators according to UKRI's terms and conditions. Co-investigators must be listed here.

## Collaborators

A Collaborator is someone who is not one of the Co-investigators, but brings specific expertise to the project.

Please refer to the Programme Guide and to the terms and conditions specific to each Funding Partner for criteria defining a Collaborator.

Collaborators' contributions are in-kind. Collaborators cannot receive funding from this programme, however certain expenses may be eligible for reimbursement according to the specific terms and conditions of each Funding Partner. Only list the Collaborators that have a meaningful contribution to the project.

## Title and research fields

### Title

State the title of the research project you are requesting funding for.

**\*Title**

**\*Will your research take place within Inuit Nunangat ?**  Yes  No

**\*Name the location and region where your research will take place**

Indicate six keywords, from the most general to the most specific, that best describe your research project or program.

**\*Keywords**

Indicate which of the two themes, presented in the Programme Guide, you are applying to :

- **Theme 1** (funding by UKRI, POLAR; and FRQ if applicable): Arctic Ecosystems and their Impact on Inuit Communities; or **Theme 2** (funding by UKRI, NRC; and FRQ if applicable): Mitigations and Adaptations for Resilience.

**Theme**

## Project description

Present a detailed project description, including key milestones and deliverables, and describe how it aligns with your chosen theme and cross-cutting issues, as presented in the Programme Guide. It should include the objectives, the theoretical framework and methodology, and demonstrate how it will meet the four main evaluation criteria (Research Quality, Team Composition, Impacts, and Capacity-building and Training), as well as **each sub-criteria, detailed in section 4.3 of the Programme Guide**.

The project description must be a maximum of ten (10) pages (8 1/2 x 11") including figures, and the references must be a maximum of two (2) pages, for a total of twelve (12) pages maximum.

The document should be readily legible and formatted as follows:

- Font: Arial, 10 pt or Times New Roman, 12 pt
- Single spaced
- A margin of at least 2 cm on all sides of the page
- First name, last name and file number in the header of each page
- Page number in the footer of each page

## Other sources of funding

Please declare any and all prospective sources of funding for this project, inclusive of all federal, provincial, territorial or municipal governments, and other sources that are expected to be received. The maximum level of total funding shall not exceed 100% for eligible projects. Total funding for the same purpose and eligible expenditures shall not exceed 100% of total eligible expenditures.

Indicate if you have obtained any other sources of funding for this project, at the time of submitting this application.

If you **have received confirmation** of funding from other sources, please indicate the source and the amount. Justify and explain the complementarity or leveraging effect of the supplemental funding, or any possible overlap.

If you have applied for other sources of funding, but **have not yet received confirmation**, please indicate any possible impacts on the current project proposal if those other sources of funding were not to be obtained, and any mitigation actions.

## Suggestions of experts

For the purposes of reviewing your proposal, please suggest three to five recognized experts with relevant research experience or Inuit knowledge in the proposal's subject area. These experts must not have any current or recent (last 5 years) collaboration ties with either of the Principal Investigators, nor with the Co-investigators (i.e. funded members).

The FRQ may or may not decide to communicate with these suggested experts. They will not be notified of your suggestions.

Optional : For any reason of conflict of interest, you may submit the name of one person whom should not be contacted for the review of your proposal. Make sure to clearly identify this person from the others.

## Interruption or slowing down of research

This section allows you to identify, if applicable, circumstances related to the COVID-19 pandemic that may have slowed or delayed your research activities (family obligations, illness, disability, bereavement, laboratory closure, increased time spent teaching or serving the community, etc.).

The description should include the reasons and start and end dates of the interruptions or periods of slowdown and their impact on this application, if any (e.g., on publications, grant applications, mentoring of incoming students, participation in scientific events, etc.).

**Circumstances specifically related to the  
COVID-19 pandemic**

## Other documents

Please attach all supporting documents to your application. **Refer to section 4.1 of the Programme Guide for detailed information about the documents required.** Any document that is uploaded, but not required, will be removed before assessment.

Supporting documents will be added to the end of your application form.

**Single-file upload only** (maximum 2 MB per document). This means that multiple documents of the same type must be merged into a single pdf file before upload (ex: all consentment emails must be merged into a single pdf file). Take every available measure to optimize the size of your documents (black and white setting, image size, Acrobat optimizer options, etc.). Also make sure that your PDF documents are not secured with passwords and do not contain bookmarks.

## Ethics

Indicate if your research Program involves:

**\*Check your choice**

- Participation of human beings.
- The use of human biological material (parts, products, tissue, cells, genetic materials, derived from a living or dead individual).
- Assisted procreation activities or the use of human embryos derived therefrom, within the meaning of the Act respecting clinical and research activities relating to assisted procreation (CQLR c. A-5.01).
- The use of administrative, scientific or descriptive data from human participants.
- Use of experimental animals, or animal parts, products or tissue.
- None of the above.

### Inclusion of gender and sex

Since this section will not be accessible to evaluation committees, include all the information required by the program elsewhere in the funding application.

**\*Indicate whether the research involves gender or sex-based analysis (see article 5.5 of the Common General Rules for more information)**

- Yes, the notion of gender (sociocultural aspects) is taken into account.
- Yes, the notion of sex (biological aspects) is taken into account.
- No, the research does not take into account the notion of gender or sex.

**Describe how the research takes into account the notion of gender or sex. If it does not, explain why.**

### Environmental risk

\*Indicate the level of environmental risk associated with the research (see the "Environmental Responsibility" section on our website) :

Since this section will not be accessible to evaluation committees, include all the information required by the program elsewhere in the funding application.

- A) Minimal risk : the environmental impact does not exceed the impact of day-to-day human activity.**
- B) Greater than minimal risk : the environmental impact exceeds the impact of day-to-day human activity. In the event of funding, you will need to specify the mitigation measures being considered or the measures that must be taken to comply with legal requirements.**

## Signature and submission

### COMMITMENTS OF THE APPLICANT

I declare and warrant the following:

1. All the **information** contained in this form and all the information I shall subsequently provide related to this form or to all other forms relating to the management of eventual funding (documents or further details required by the FRQ, reports, etc.) is and shall be **accurate and complete**. I shall notify without delay the FRQ of any changes to the information I entered.
2. The UK Principal Investigator and co-investigators listed in this form, who will contribute to the research project, have confirmed, by written consent, their commitment to the research project and **authorized me to provide their personal and confidential information**.
3. I have read and agree to comply with the obligations set out in the Programme Guide. Furthermore, should funding be awarded, the funding is conditional upon acceptance of the terms and conditions set out by the Funding Partners in the funding agreement (UKRI, POLAR, NRC; and FRQ if applicable).
4. I have read and shall comply with the ethics and integrity rules and policies of the agency or agencies that could provide me with funding. These rules and policies are listed in the Programme Guide. I also agree to comply with any other ethics and integrity rules that may be applicable given the location where the research will be conducted, including those specific to research within Inuit Nunangat, or provided by specific Inuit communities.
5. I shall comply with any law, by-law, rule or policy that may apply to my research project.
6. I am not currently ineligible to receive funding from a Canadian or another research funding agency as the result of a **substantiated case of breach of research integrity**.
7. I shall advise the FRQ should I become ineligible to apply for funding or receive funding from a Canadian or another research funding agency as the result of a substantiated case of breach of research integrity. The continuation of the application process for funding under the Canada-Inuit Nunangat-UK Arctic Research Programme may then be reconsidered by the agencies concerned.
8. I understand that failure to comply with any of these commitments may lead to the withdrawal of my application from the review process, or to the suspension, withdrawal, termination or even reimbursement of funding, or any other type of administrative penalty related to the privileges granted by the agency or agencies that could provide me with funding.

## POUR INFORMATION SEULEMENT

AUTHORIZATION REGARDING PERSONAL AND CONFIDENTIAL  
INFORMATION SUBMITTED AS PART OF THE APPLICATION PROCESS

The Fonds de recherche du Québec (Fonds de recherche du Québec – Nature et technologies, Fonds de recherche du Québec – Santé and Fonds de recherche du Québec – Société et culture, hereinafter the « FRQ ») are public bodies created under the [Act respecting the Ministère de l'éducation, de l'Enseignement supérieur, de la Recherche, de la Science et de la Technologie](#) (CQLR, M-15.1.0.1.). The information entered on this form, and all other forms relating to the management of eventual funding, shall be treated confidentially and in accordance with the [Act respecting Access to Documents Held by Public Bodies and Protection of Personal Information](#) (CQLR c A-2.1, hereinafter the Act), as well as with the Privacy Statement for Applicants and Funding Holders (see the DOCUMENTS tab, hereinafter the "Statement").

- **I have read the Statement** and authorize the FRQ to keep, use and release all the personal and scientific information contained in my personal file, in accordance with the terms set out in the Statement and the Act, and on the condition that the individuals authorized to access my personal information undertake to treat it confidentially.
- **I authorize the FRQ** to share all the personal and scientific information contained in this form with the Canada-Inuit Nunangat-UK Arctic Research Programme Partners potentially involved: Inuit Tapiriit Kanatami, UK Research and Innovation, Polar Knowledge Canada, National Research Council Canada, and/or Parks Canada. The individuals authorized by these organizations to access my personal and scientific information undertake to treat it confidentially.
